

# Monroe's 122PD—Dependable, Fast Operation for Greater Productivity and Performance

---

When you use a calculator every day, it has to be dependable-and built to last.

With Monroe's 122PD calculator, you can count on these advantages.

You get proven durability with long-lasting components...and engineering that lets you work more efficiently and productively. And you get performance backed by Monroe's 90+ year tradition of quality products.

The dependable 122PD also gives you the option to print or just display your calculation results. It is an advanced, dependable tool that offers:

**A large, professional –sized keyboard for easy operation**

**A bright, easy-to-read display**

**A 4.3 lines per second printer**

**A four-key independent memory to record and retrieve calculation results**

**The ability to automatically calculate percent change and mark-up**

**An input buffer that lets you make entries even while printing previous lines of figures**

**A two-key "rollover" feature that lets you work quickly while ensuring that every keystroke is recorded**
